“The Longest slide in Victoria Falls”

The Bridge Slide offers you a remarkable opportunity of sheer fun in front of the falls. The slide begins on the Zambian bank of the gorge and ends on the Zimbabwean side of the bridge. As the client slides from the gorge towards the bridge, they get an incredible view of the falls and the bridge during this amazing BIG AIR EXPERIENCE.

The 107 year “Grand ol’ Dame” Bridge is suspended between 2 countries and the only place in the world that you get to slide in no-man’s land.

Just step off the edge of the gorge and slide towards the bridge.

The slide platform consists of two areas, one of which is available for viewing purposes and the other is restricted solely for the slider/s and the crew. The clients are attached to the cable using a twin bearing inbound pulley that can take up 1.5 ton.

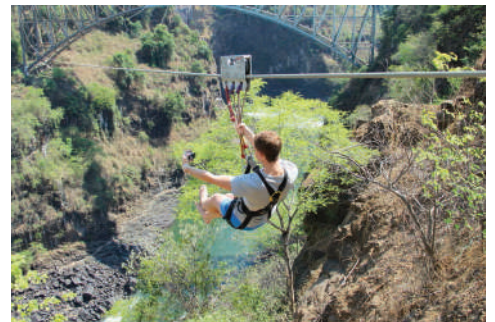

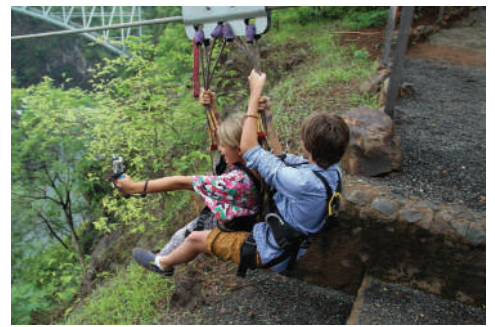

Due to the nature of the catenary (the slack in the cable) the slider will come to a slow stop on the upper part of the cable. Before the slider begins to slide backwards a recovery operator on a separate slider will meet the client and attach himself to the slider of the client/s. The recovery operator is then retrieved along with the client back towards the bridge platform. Once the client has been detached from the slider, he/she is assisted over the railing and joins both the swingers and jumpers on the walk out.

BRIDGE SWING

The Bridge Swing offers you an opportunity for an amazing BIG AIR EXPERIENCE and sheer adrenalin in front of Victoria Falls. This is without a doubt one of the most spectacular swings in the world! The 107 year “Grand ol’ Dame” Bridge is suspended between 2 countries and the only place in the world that you get to swing in no-man’s land. Just walk off the edge of the platform.

The swing is done using two 65 meter static line climbing rope attached to a 10 ton safe working load cable by a steel clamp. A 1m-bungi cord is positioned on the clamp to provide the swinger with a smoother ride and more comfortable swing.

Swingers remain in a seated position throughout the recovery and can enjoy the view of both the Falls and the bridge. The swinger is recovered to the winch platform and then walks out in the same manner as the bungee jumpers and come out on the Zambian side of the bridge (still in no-man’s land!)

ENJOY THE FLYING FOX, ZIP LINE & GORGE SWING

FLYING FOX

Is a cable slide across the gorge high above the floor. You can sit or be strapped, face down, looking at the ground far below as you fly across the gorge. No walk out is necessary because you are pulled back.

GORGE SWING

Fling yourself over the edge in a body harness falling some 50 meters and swinging right across the gorge and back until the momentum runs out and you are lowered to the ground to walk out.

ABSEILING

Slide 53 meters down the gorge on the end of a rope either facing the cliff face or looking down into the void. The walk out is up quite a steep slope but it is not far.

BUNGEE JUMPING

Located on the Victoria Falls Bridge, you will get to experience 111 meters of sheer adrenalin, as you plummet towards the mighty Zambezi. This is without a DOUBT one of the most spectacular jumps in the world!

Four seconds of free fall, of speeds up to 120km/hr. The 107 year "Grand ol' Dame" Bridge is suspended between 2 countries and the only place in the world that you get to jump in "no-man's land."

HELICOPTER FLIGHTS

"A photographic paradise... "Scenes so lovely, must have been gazed upon by Angels in their Flight"

It is unfortunate that Dr David Livingstone never got to see Victoria Falls from a helicopter. So vast is the Victoria Falls in its settings that perhaps the best way to see this magnificent wonder is to take a Helicopter trip... Let the flight tell its story.

Experience the 'Flight of Angels' perspective first hand. Coined by Dr. David Livingstone when he first documented discovering the Falls; "scenes so lovely must have been gazed upon by angels in their flight"

FLIGHT OF ANGELS

Experience the unrivaled view of the majestic Victoria Falls, the Mighty Zambezi and all its wildlife, and see first hand Victoria Falls and all its beauty as one, with our 12/13minute flight over the falls.

ZAMBEZI SPECTACULAR

a 25 minute scenic flight encompassing the majestic waterfalls and the adjoining the Batoka Gorge as well as the Zambezi National Game Park, home to many wildlife species, you will be given the opportunity to game view, as well as fly along the banks of the Zambezi river, including flying time over the enthralling falls themselves.
